# **LOOKING** *Back*

For four years we have looked ahead wondering about our future. The time has come for looking back.

We have seen relationships broken and relationships born. Teachers have come and gone. We've been involved in unusual sporting events and heated class elections. We cheered our football team to three Turkey day wins over this four year period. Our baseball, basketball, soccer and softball teams have won state championships. We've seen both birth and death.

Through the good times and the bad we have strived for our senior year and life after high school. Some of us will succeed and some will fail but we all will have something in common — our high school memories.

David Sacramone

Sixth Grade

In reviewing our four years at Leominster High School, I have found your class capable of attaining many of their goals. There has been a desire to achieve on your part and this will lead to more success in later life if your training is put to good use.

I wish you good health, a career of your choice and a happy family life.

George J. Antonioni  
Principal

Congratulations to all the members of the graduating class of 1988. We wish you all happiness and success in all your future endeavors as you leave Leominster High School. We hope that the guidance and training you received here will help you in your efforts. Again, congratulations and good luck.

Peter S. Michael's  
Assistant Principal

Thank you for your many contributions to Leominster High School during the past four years. You have distinguished yourselves as many other classes have. Continue to do yourselves and your former school proud regardless of where life may bring you. Good luck and Godspeed to all of you.

Edward J. Walsh  
Assistant Principal

Roger R. Melenson  
Director, Occupational Education

You have been given a solid educational foundation to meet and deal with the challenges that life will present. Take the skills you have learned and look to the future. "Dream no small dreams and make no small plans." But after you have dreamed and planned, work hard to make a happy and productive life. The best of luck and congratulations to the class of 1988.

It is my pleasure to congratulate the Class of 1988. on the occasion of your graduation and to commend you most highly for your achievements. I have had the opportunity to observe you over the past four years and I have been impressed with you as a class and the contributions you have made to the school and the community.

I am confident that you go forward with the skills and capabilities to confront the challenges that await you. I have watched you grow more poised and self-confident and have been pleased with that growth. Be optimists. Most of today's problems and concerns take care of themselves. Stay in touch with your classmates and your teachers. They can serve as a continuing support group throughout your lives. Finally, I wish to personally thank you for your support and advice extended to me as Superintendent of Schools.

Best wishes in the years ahead.

Louis R. Amadio, Ed.D.  
Superintendent of Schools

Congratulations! The long awaited day of your graduation from high school has arrived. As you anxiously looked forward to this very exciting day you must certainly have given thoughts to your endeavors after graduation. Whatever course you pursue, further education, full-time employment, or other activities, I wish you health, happiness, and success.

What each of you has accomplished to this point in you life has been in great measure a joint effort with your parents and teachers. Now much greater responsibility will rest with you. Your individual abilities, interests, motivation and efforts will help determine your success in the future. Life will bring you many opportunities. How those opportunities will affect you will depend largely on your own efforts.

God bless you and best wishes to each of you.

Pelino A. Masciaglioli  
Assistant Superintendent of Schools

I extend congratulations to you on your achievement here at Leominster High School and best wishes in your future endeavors. Your graduation this year represents years of diligence and growth. I sincerely hope that the experiences of the past years will serve as a solid foundation for you future success and self-awareness. Each of you possesses unique talents and skills, and it is the continuing development of these that I wish for you. This development will, I hope, assist all of you in maintaining a lifestyle where the development of personal goals as well as a commitment to service to others is possible.

**MILFORD** — There's a commercial for Honeywell Co. which frequently airs on television praising certain athletes for "mastering the fundamentals," while also noting Honeywell's desire to do the same thing in making their products.

Leominster's five hits before exiting the game in favor of reliever Phil Ierardi in the eighth.

Catcher Jeff Berry followed Mason by hitting a slow grounder that third baseman Rich Martone couldn't handle. The ball rolled past him, allowing Mason to score and give the Devils a 2-0 lead. After that error, Floren came somewhat unglued. Scott Harris walked and then Leominster starter Steve Santucci helped his own cause by blooping a non fly

# Leominster girls capture second straight State Title

Spencer - The Leominster High softball team won its second straight Division 1 state championship last night at O'Gara Park in Spencer. The Blue Devils, who earned a

or two more runs after Lauren's homer, but it immediately took the pressure off of us and put it on Haverhill," said Blue Devil coach Frank Steffanides. The pressure was definitely off of Leominster starter

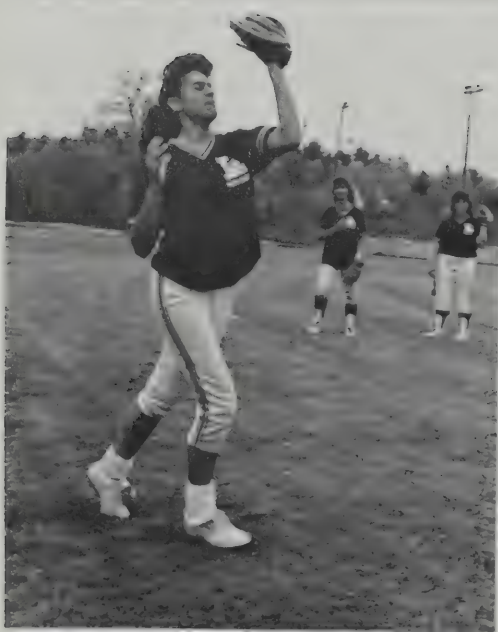

on first and second with two out. Towle came through with her biggest strike out of the season and fanned Laura Migliori on a 3-2 pitch. For Haverhill, it was a successful but hard luck year

for girls sports. The girls basketball team also lost in the state finals this past winter. Leominster coach Steffanides, who will miss his star pitcher and catcher next season, commented on the successful

sports
